OFFICIAL NEWS

The President of Turkmenistan is decorated with the golden breastplate of the “Mir” Interstate TV and Radio Company

For many-year meritorious cooperation and support of the activities of the “Interstate TV and Radio Company “Mir”” Close Corporation, President Gurbanguly Berdymuhamedov was presented with the golden breastplate of the Interstate TV and Radio Company “Mir”. The high award was presented to the President of Turkmenistan in the course of his interview to the journalists of that famous TV/Radio Company.

The Interstate TV and Radio Company “Mir” was established in 1992 to preserve a single cyberspace and promote the international information exchange in the CIS area.

Turkmenistan regards the “Mir” Interstate TV and Radio Company as one of the leading TV/Radio broadcasting companies with many-million audience, which carries out the mission on strengthening of thee political, economic and cultural-humanitarian ties between the countries and nations.

In November 2020, by results of the meeting with the Company’s leadership – Chairman of “Mir” R.I. Batyrshin, the Agreement was signed on cooperation the information policy sphere between the MFA of Turkmenistan and the “Mir” Interstate TV and Radio Company.

On the occasion of the remarkable date – 30th anniversary of independence of neutral Turkmenistan, President Gurbanguly Berdymuhamedov gave the interview to a journalist of «Mir» Interstate TV and Radio Company.

Full text of the interview is published in the newspapers “Turkmenistan” and “Neutral Turkmenistan”.

President of Turkmenistan visited the Mother and Child Health Scientific-Clinical Center

On June 1, President Gurbanguly Berdymuhamedov took part in a solemn event dedicated to International Day of the Child, which was organized in the Mother and Child Health Scientific-Clinical Center.

President Gurbanguly Berdymuhamedov in association with the head of the United Nations Children’s Fund Representative Office (UNICEF) in Turkmenistan Christine Weigand have visited the child’s development and early rehabilitation department of the Center, children’s game rooms, and logopedic and cardiosurgery rooms.

Then the President of Turkmenistan talked to the doctors, small patients and their parents, having extended to them wishes of the soonest recovery.

As the leader of nation has noted the state shows constant concern for the harmonious development of children, protection and strengthening of their health, having made it a principle of the state health policy. The President of Turkmenistan has also noted

that we have every condition for efficient use of the Charitable Foundation for rendering assistance to the children in need of tutelage, which is always ready to support the needy people.

In the talk of President Gurbanguly Berdymuhamedov with the head of the UNICEF Representative Office in Turkmenistan Christine Weigand the positive result was confirmed of the disease prevention work ongoing in the country.

Expressing gratitude to the President of Turkmenistan for trust, Ms. Christine Weigand has stressed the importance of experience exchange in medicine for upward development of cooperation in that sphere.

Then President Gurbanguly Berdymuhamedov held a meeting in the Mother and Child Health Scientific-Clinical Center dedicated to International Day of the Child.

The head of state has extended cordial congratulations to the event attendees on International Day of the Child, having thereto noted that countrywide celebration of the Day symbolizes our state’s adherence to the United Nations’ basic ideas and principles in the sphere of children’s rights and interests.

Having highlighted that protection of mother and child health is one of the key trends of the state policy, President Gurbanguly Berdymuhamedov has pointed to the advisability of developing of the National Strategy “Healthy Mother - Healthy Child - Healthy Future” and the Action Plan for its implementation with the use of digital system. Exercising of unremitting control over implementation of the Strategy is to be one of the primary tasks of the national health system, the leader of nation said.

In the long term, we are to continue vaccination of children, including the 9-year-old boys and girls, against the human papilloma virus.

One of the primary tasks assigned to the workers of health system is – to conduct scientific investigations in association with international organizations as well as with leading clinics of the world, including scholar-medics from the Federative Republic of Germany, for diagnosing the signs of acute diabetes, congenital deafness, the disease of eyes, nasopharynx, blood-vascular system, motor-neuron disease, and prevention of children’s obesity. In this regard, it is necessary to carry out the planned work with the participation of foreign experts in the fields of prevention, early detection and effective treatment of diseases, the head of state said.

Speaking of the decision to build Children’s Center in the new administrative center of Akhal velayat, the head of state has highlighted that along with the recreation objects, it is necessary to build the educational facilities, in which the children could acquire practical skills and habits of work on the specialties they are interested in.

To guarantee social protection of the young generation, support the parentless children, the Charitable Fund was created for rendering assistance to the children in need of tutelage, including the handicapped and physically disabled children.

Our main goal and the guarantee of our Motherland's power, progress and prosperity is to ensure that young people – the bright future of our Motherland, live a happy life, get modern education, are educated in the spirit of patriotism and humanity, the leader of nation said.

Then, the floor was given to the head of the UNICEF Representative Office in Turkmenistan Ms. Christine Weigand.

Having highlighted the importance of the UN Convention on the Civil, Political, Economic, Social and Cultural Rights of Children, the UNICEF head was pleased to note that in the frames of the new five-year Program the UNICEF-Turkmenistan cooperation in the sphere of education increased considerably. Grateful to President Gurbanguly Berdymuhamedov for his invariable support of the important joint work, the UNICEF leader has confirmed the Organization's readiness to the future-orientated productive interaction with Turkmenistan.

Minister of Health and Medical Industry of our country N. Amanepesov has noted that in tune with the long-term "Program of the President of Turkmenistan for Socio-Economic Development of the Country for 2019-2025" and the updated version of the State Health Program "Saglyk", much is being done in the country for protecting mother and child health, rendering of high-quality medical services to the women in the reproductive period, increasing of the family culture.

In his speech, the Minister of Education O. Gurbanov has stressed that as a result of the fundamental reforms implemented on the initiative of the President of Turkmenistan, ample opportunities have been created in our country for fostering of the physically strong and spiritually rich and well-educated generation, for interesting leisure and good recreation of the youths.

Keeping discussion going, the leader of nation has noted that great attention is to be given to the effective use of the achievements of modern science in addressing the problems of education and health of the rising generation, ecology and healthy nutrition.

The President of the country has emphasized that the work related to education and fostering of the youths is to be conducted on a comprehensive basis; not the least significant is to adopt in that sphere the world's advanced experience. In this context, the issue-associated presidential assignments were given to the officials concerned.

President Gurbanguly Berdymuhamedov has stressed that Turkmenistan concentrates particular attention on creating of the most favorable conditions for the comprehensive development of the rising generation.

In the frames of the UNICEF Country Program for Turkmenistan for the years 2021-2025, the twelve annual working plans have been developed, which are realized in close cooperation with the relevant ministries and sectoral departments of the country.

In Turkmenistan, the system of mother and child health protection is widely promoted and supported. Taking advantage of the opportunity, I'd like to

confirm Turkmenistan's adherence to observe the children's rights, to further advance cooperation with the UNICEF for the sake of progress and bright future of the entire world, President Gurbanguly Berdymuhamedov said.

Welcoming highly active work of the UNICEF in Turkmenistan, the head of state has expressed gratitude to Ms. Christine Weigand and the UNICEF united collective for their joint efforts and close cooperation with the Government of Turkmenistan.

In conclusion, the leader of nation has one more time extended his heartfelt congratulations to the event attendees on International Day of the Child, having wished them splendid health, family wealth, peaceful and happy life, great success for the sake of the powerful state prosperity.

Session of the State Security Council of Turkmenistan

On June 2, President of Turkmenistan, Supreme Commander-in-Chief of Armed Forces of the country Army General Gurbanguly Berdymuhamedov conducted a regular session of the State Security Council to draw together conclusions from the running year's five-month activity of the security agencies and identify the priority vectors of their near-term activities.

Opening the session, the leader of nation gave the floor to Deputy Chairman of the Cabinet of Ministers, State Security Council Secretary Ch. Amanov, who reported on the outcomes of the five-month work accomplished by the security structures and on fulfillment of the earlier presidential instructions. The report also covered the implementation progress of the President-initiated military reform and the solution of issues of ensuring social security of servicemen and their families.

Summing up the report, the head of Turkmenistan has highlighted the importance of ensuring the coordinated dovetailed activities of all departments to cope successfully with the plans for further development of Armed Forces.

The Supreme Commander-in-Chief of the country's Armed Forces has signed an Order on giving a severe reprimand and last warning to the Vice-Premier, State Security Council Secretary Ch. Amanov for improper fulfillment of his duties, weakening of control over the activities of departmental agencies. The Order obliges the State Security Council Secretary to correct the derelictions in work and improve the situation at the earliest possible date.

Deputy Chairman of the Cabinet of Ministers, Supreme Control Chamber Chairman S. Berdymuhamedov has concentrated his progress report on the outcomes of the work accomplished in the period under review on exercising control over implementation of the normative legal acts and over the targeted and rational use of the state property objects. The report covered also the implementation progress of the earlier presidential assignments on monitoring of the state of affairs at the construction

sites of the objects to be commissioned in the run-up to the 30th anniversary of sacred independence of the Homeland.

Commenting on the report, the leader of nation has noted that at present, the priority direction of our domestic policy is in transformation of the country into an industrially developed state with comfortable conditions for the prosperous and happy life of the native people. The programs adopted and large-scale projects under realization are an eloquent evidence of this. It is necessary to monitor the implementation of planned works in the strictly established timeframes, said the head of state Gurbanguly Berdymuhamedov, having addressed a number of specific instructions to the Vice-Premier, head of the Supreme Control Chamber.

The State Migration Service Chairman B. Ovezov reported on the state of affairs in the structure. The report covered also the work of a Special Commission (established in the frames of the presidential assignment) for issuing the permits to citizens on spending summer holidays in the "Avaza" National Tourist Zone.

Summarizing up the report, the Supreme Commander-in-Chief of the country's Armed Forces has emphasized the necessity of activating widespread adoption of advanced methods in the work of Service, including the effective use of digital system and positive experience. The tasks of primary importance assigned to the Service imposes particular responsibility on the department's personnel, the leader of nation said, having sorted out training of the personnel and creation of conditions for carrying out migration procedures in tune with international standards among the priority vectors of the Service's activity.

The State Customs Service Chairman M. Khudaykulyiev has concentrated his report on the consistent steps taken since the beginning of the year to improve the efficiency of the structure.

Summing up the report, the leader of nation has noted that given the ever-growing geostrategic role of Turkmenistan on the Eurasian continent as an important crossroad of transit-transport corridors and accordingly – an increase in the volume of work, it is very important to show a responsible approach to the execution of the powers entrusted to the Service, President Gurbanguly Berdymuhamedov continued, having exhorted to attach particular importance to the observance of the procedure of the cargo and transport vehicles trans-border traffic.

The Adalat Minister B. Muhamedov reported on the state of affairs in the Ministry's system, as well as on the measures taken in the reporting period for comprehensive development of the national legislative base.

Commenting on the report, the Supreme Commander-in-Chief of the country's Armed Forces has noted that one of the main requirements of the times is in constant monitoring of the existing legal-normative acts and further improvement of the legislation in tune with realities of the times. Improvement of the population's legal awareness

and literacy, clarification and explanation of the adopted laws, application of new methodologies in work were singled out among the priority areas of the Ministry's activity.

The chief head of the State Border Service Y. Nuryev reported on the results of the Service's five-month activities and the comprehensive steps taken to protect the borders of the Homeland.

Focusing on the future-orientated work of the Service, the head of Turkmenistan, among its most important areas, has identified the modernization of border posts, creation of the appropriate conditions for the effective service of valiant defenders of the Motherland

Then, Minister of National Security G. Annayev has reported on the measures taken since the beginning of the year to maintain a favorable social climate in the country. The priority attention in the accounting period was given to the issues of strengthening human resources potential, adoption of modern methods and innovative technologies in the work of the agency.

Summing up the report, President Gurbanguly Berdymuhamedov has stressed that safeguarding of peaceful and security is a solid basis for sustainable development of the Homeland. Focusing on the special mission entrusted to the Ministry of National Security and on the enormous responsibility of the Ministry's staffers in solving the targets set, the leader of nation has addressed the issue-associated assignments to the Minister.

Chief Justice of the Supreme Court G. Ussanepesov has reported on the comprehensive work carried out over the past five months of the year to improve the country's judicial system. The report covered also the measures taken to improve the proficiency of employees and activate adoption of digital technologies.

Summing up the report, President Gurbanguly Berdymuhamedov has stressed the importance of passing just sentences on the basis of deep and comprehensive examination of evidences and in tune with the current legislation. In this regard, the relevant orders were addressed to the Chief Justice of the Supreme Court.

The Interior Minister M. Chakyev has reported on the five-month results of the ministerial institutions' activities and the practical steps taken to ensure law and order in the country and optimize traffic flows in the highways of the capital and velayats. The report also covered the measures carried out by the special department responsible for maintaining of fire safety in the country.

Not the least significant is to take comprehensive measures on preventing traffic accidents and observing the fire safety rules; to conduct on a regular basis the awareness-raising and explanatory work among the population on the traffic and fire safety rules, the leader of nation Gurbanguly Berdymuhamedov has ordered.

In the frames of the session, the Supreme Commander-in-Chief of the country's Armed Forces has relieved Deputy Interior Minister, Lieutenant

Colonel of Internal Affairs J. Nuraev from his post for serious shortcomings and derelictions in work, having signed the relevant Resolution.

For improper performance of official duties, weakening of control over the services under the Minister's control, the President of Turkmenistan has signed an Order on giving to the Interior Minister M. Chakyev a severe reprimand and last warning on correcting the shortcomings in the shortest timeframes and signed the relevant Order.

The Attorney General B. Atdaev reported on the work carried out in the five-month period of 2021 on monitoring supervision of adherence to laws of the country. A separate topic of the report was the results of the President-sanctioned inspections of the activities of a number of ministries and sectoral departments.

In the comments on the report, the head of Turkmenistan has emphasized that now and in the long-term the appropriate measures will be taken to ensure the rule of law, protect the rights and freedoms of citizens and interests of the society and the state. Speaking of the importance of taking a responsible approach to the consideration of each case, the leader of nation has addressed specific instructions to the head of the Attorney General Office.

The state of affairs in the Armed Forces, practical steps taken since the beginning of the year to successfully solve the targets set by the head of state were in the center of the report made by Minister of Defense B. Gundogdyev. The report has also covered the progress of technical gentrifying and upgrading of the National Army, measures taken to strengthen its human resources, preparation for the military parade in honor of the 30th anniversary of the country's sacred independence.

Having identified further modernization of the material and technical base of all troops of the country's Armed Forces among the priority measures, the Supreme Commander-in-Chief of the country's Armed Forces has exhorted to continue the consistent work on improving the servicemen's proficiency and instilling in the young soldiers patriotism sentiment.

Separate instructions were given to the Minister of Defense on ensuring of the appropriate level of the upcoming military parade on the occasion of the widely celebrated of this year's significant date - the 30th anniversary of sacred independence of Turkmenistan.

Addressing the session participants, the head of state has noted that at the outset of summer season, the air temperature rises, and this, in turn, has a negative impact on the human health. Dehydration of the organism affects the general condition of people. In this regard, it is important to conduct the explanatory work and measures by the personnel of security agencies.

At the same time, not the least important is to intensify the fire safety work.

During the session, other issues were also considered and the appropriate decisions were made.

The President of Turkmenistan held an online working meeting

On June 2, President Gurbanguly Berdymuhamedov held an online working meeting with the participation of the Deputy Chairman of the Cabinet of Ministers (in charge of the AIC) and khyakims of velayats.

The agenda of meeting implied the discussion of the primary tasks of the regions' socioeconomic development, the outcomes of the five-month activity, as well as the present state of affairs in the arable lands of the country, and other issues.

Opening the working meeting, the leader of nation has emphasized that in the epoch of power and happiness, the comprehensive measures aimed at the AIC advancement are ongoing in the country. The state creates every condition for raising the level of crop yields; daikhans are fully provided with high-quality seeds, mineral fertilizers, pesticides and insecticides, modern machinery, and irrigation water.

As a result of the hard work of grain growers, in the running year rich harvest of wheat has been grown in the country's velayats. In the run-up to the grain-harvesting campaign, the primary task of our diligent land farmers is to conduct the wheat harvesting campaign loss-free and in the shortest period of time.

Loss-free harvesting of wheat and supply of the population with foodstuffs invest in strengthening of food abundance of the country, President Gurbanguly Berdymuhamedov has emphasized, having exhorted to start the wheat harvesting campaign in Akhal, Lebap and Mary velayats on June 4; In Balkan and Dashoguz velayats – on June 11.

Returning to the agenda of the meeting, President Gurbanguly Berdymuhamedov has heard the reports of khyakims of velayats on the state of affairs in velayats and on the outcomes of the five-month work accomplished in the regions.

The reports of khyakims were centered on preparations to the grain-harvesting campaign, in particular on taking measures to ensure trouble-free functioning of the agricultural machinery and implements, and the grain receiving points.

The reports covered also the implementation progress of the seasonal agri-technical measures in tune with the established standards and of the President-initiated National Rural Development Program, in the frames of which large-scale changes are ongoing in the AIC.

Deputy Chairman of the Cabinet of Ministers E. Orazgeldiyev reported on the state of affairs in the sector answerable to him, having particularly concentrated on the measures taken to ensure well-timed and properly-organized conducting of the upcoming wheat-harvesting campaign and efficient managing and treating of the fields planted to cotton.

President Gurbanguly Berdymuhamedov has emphasized the necessity of exercising unremitting control over the efficient preparation to the important agricultural campaigns. It is necessary to adopt science-based approaches, to actively introduce the

world's advanced technologies in combination with the best national experience accumulated in the AIC.

At the same time, the head of state has made claims on the Vice-Premier and velayat khyakims in view of the serious shortcomings in their activity. In particular, low rates are observed in the implementation of the tasks enshrined in the National Rural Development Program; proper measures are not taken to implement the plans set and achieve the production growth targets, to create the conditions for the comfortable life of the rural toilers, the President of Turkmenistan has stressed in his concrete assignments aimed at organization of agri-works at an appropriate level.

The President Gurbanguly Berdymuhamedov has also focused on the importance of ensuring fire safety in the hot summer period, ordering to keep under strict control the observance of fire safety rules in villages, fields, as well as in the populous places.

Given a significant increase in the use of air conditioners and cooling appliances in the summer period, and as a result – an increase in energy consumption, the leader of nation has demanded to ensure energy savings in the street lighting and advertising systems.

On completion of the online working session, the head of state Gurbanguly Berdymuhamedov wished all its participants good health and great success in their activity.

Session of the Cabinet of Ministers

On June 4, President Gurbanguly Berdymuhamedov held a regular online meeting of the Cabinet of Ministers to summarize the outcomes of the national economic complex functioning in January-May of the running year.

To participate in the session, the leader of nation has summoned the Chairperson of the Mejlis of Milli Gengesh G. Mammedova and Deputy Chairman of the Halk Maslakhaty of Milli Gengesh K. Babayev.

Chairperson of the Mejlis of Milli Gengesh G. Mammedova reported on the outcomes of the national Parliament's five-month activity.

Deputy Chairman of the Halk Maslakhaty of Milli Gengesh K. Babayev has informed about keeping preparations going for holding the Halk Maslakhaty meeting to discuss the bills adopted by the Mejlis on May 22 of the running year.

The leader of nation Gurbanguly Berdymuhamedov has highlighted an exclusive importance of the work on updating of the national legislation base with a glance to the modern realities of the country's development and the priorities of socially-oriented policy. In this regard, the head of state has exhorted to hold the Halk Maslakhaty session at a higher and better level in terms of organization and content.

The report of Deputy Chairman of the Cabinet of Ministers G. Mushshikov covered the practical steps undertaken in the reporting period on the initiative of the leader of nation to maintain the stable macroeconomic indicators in all areas of the national economy.

Having heard the report, the head of Turkmenistan has concentrated attention on drawing up of the State

Budget for the next year. Moreover, the leader of nation has authorized the Vice-Premier in association with other Deputy Chairmen of the Cabinet of Ministers to embark on the development of the Program-2022 aimed at chattering of the faster ways out of the economic crisis to achieve the pre-crisis indicators.

Based on the opportunities available, it is necessary to ensure the implementation of previously adopted state programs.

Ranking privatization of the state-run enterprises and objects and their transformation into joint stock companies and tough control over timely paying of wages among the near-term important vectors, President Gurbanguly Berdymuhamedov has exhorted the officials concerned to analyze the state of affairs in those directions and take the workable measures for organizing the work in tune with the times.

Deputy Chairman of the Cabinet of Ministers Sh. Abdrahmanov reported on the results of five-month work accomplished in production of oil and gas condensate, and in the refinery industry.

Summing up the report, the President of Turkmenistan has instructed to conduct careful analysis of the works implemented in the oil/gas complex. No progress is observed in this direction, despite the earlier presidential assignments. The head of state has strongly advised to the Vice-Premier to meet more often with the heads of the oil/gas complex and solve the current problems of the branch.

Noting that a new type of polypropylene film, the production of which has been launched at the Turkmenbashi Refinery Complex, will be widely applied in various segments of the national economy, the President of Turkmenistan has highlighted the importance of further increasing the output and gamut of various petrochemical products highly acclaimed by the domestic and foreign consumers.

In his progress report on the five-month activity of the branches he is in charge of, Deputy Chairman of the Cabinet of Ministers E. Orazgeldiyev has avowed the proposals on allocating land plots to the ministries, sectoral departments, khyakimliks, enterprises, and institutions with the right of their permanent and temporary use

Addressing the Vice-Premier, the President of Turkmenistan has fixated attention on achieving of planned indicators of wheat and cotton production. The leader of nation has ordered to conduct the wheat-harvesting campaign at a high level, within short timeframes, and without losses; to ensure the uninterrupted operation of the machinery and equipment; to timely make settlements with grain producers.

To know well the implementation progress of works and grain-harvesting campaign, render necessary assistance to daikhan associations, it is necessary to make regular in-field meetings with the heads of local authorities, the leader of nation Gurbanguly Berdymuhamedov said.

Deputy Chairman of the Cabinet of Ministers Ovezov reported on the January-May activity of the transport and communications sectors.

In the comments on the report, President Gurbanguly Berdymuhamedov has sorted out the tasks of primary importance – achievement of the stable financial condition of transport companies and ensuring of their uninterrupted operation during the period caused by the coronavirus pandemic. To implement the tasks, the leader of nation has assigned to render necessary support to the within-named structures.

Focusing on the issues of creating a domestic electronic industry, the head of state was displeased with the rates of work in that sphere due to the lack of the proficient personnel. In this context, the leader of nation has exhorted the Vice-Premier to analyze the state of affairs and take the necessary measures.

The outcomes of the five-month work of the construction, industrial and energy complexes, the State Concern “Turkmenhimiya”, and the capital’s khyakimlik were in the center of the online report presented by Deputy Chairman of the Cabinet of Ministers Durdylyev.

In his comments on the report, the head of state Gurbanguly Berdymuhamedov has noted that when summer comes, it is necessary to ensure strict control over observance of fire safety rules in cities, velayats and etraps of the country.

Given the significant increase in the use of air conditioners and other cooling devices, and accordingly – an increase in energy consumption, the leader of nation has demanded to reduce energy use in street lighting and advertising systems. Particular attention should be paid, as before, to the implementation of the important domestic and international projects aimed at increasing of the capacities of the domestic energy industry.

Deputy Chairman of the Cabinet of Ministers Gylyjov reported on the results of work carried out for the first five months of the year in the trade and textile complexes, as well as in the business sector.

Summarizing the report, President Gurbanguly Berdymuhamedov has necessitated preparing of the next set of proposals for rendering state support to the private sector of the economy should be prepared. It is important to envisage rendering of the financial and material-technical assistance to small and medium-sized businesses, especially to the enterprises engaged in tourism activities, the head of state has highlighted in his instructions to the Vice-Premier.

Then Deputy Chairperson of the Cabinet of Ministers M. Mammedova reported on the five-month performance of the structures answerable to her.

Summing up the report, President Gurbanguly Berdymuhamedov has focused attention on the activity of the domestic mass media. Necessitating activation of works on transition of the paper-printed newspapers and magazines to the electronic format, the head of state has entrusted the relevant officials to intensify training of the demand-driven specialists, determine the staffing tables of the editorial staff.

In view of the priorities for transition to the digital economy, it is important to continue work on covering the ongoing reforms in the country in this

area, the leader of nation stressed. Preparation of the informative and interesting programs for young people about summer vacations is also advisable.

The issues of organizing the events on the occasion of the 30th anniversary of the Motherland’s independence, as well as the ones related to proclaiming the running year under the slogan “Turkmenistan - Home of Peace and Trust” must be in the center of constant attention.

Then Deputy Chairman of the Cabinet of Ministers M. Geldinyazov reported on the results of activities in the institutions of culture and education in the first five months of the ongoing year.

Summing up the report, President Gurbanguly Berdymuhamedov has noted that proper preparations should be done for the entrance exams to the high and vocational education institutions.

Redecoration and major repair works are to be carried out in higher and secondary education schools. The summer holidays of children in recreation centers must also be properly organized.

The upcoming Government meeting with educators is also to be organized and prepared properly. At the meeting, consideration will be given to the issues linked with implementation of next reforms in the core sphere. In this regard, the relevant presidential assignments were given to the Vice-Premier and the officials concerned.

Moreover, all schools should introduce new disciplines on the digital system under the leading role of the Academy of Sciences.

Then Deputy Chairman of the Cabinet of Ministers, Foreign Minister R. Meredov reported on the activity of the Ministry of Foreign Affairs over the past five months of the year.

Summing up the report, President Gurbanguly Berdymuhamedov has exhorted to ensure high organizational level of preparation to the international visits of the government delegations of Turkmenistan and delegations of foreign states to our country, as well as to the international conferences and other events timed to the 30th anniversary of Motherland’s Independence, and Neutrality Day.

The head of state has also signed the Resolution on approval of the Turkmen side’s composition of the Joint Turkmen-Tajik Intergovernmental Commission on Trade, Economic, Scientific and Technical Cooperation. Having signed the Resolution, the head of state has sent to the Vice-Premier via the digital system the document and the relevant instructions on preparing of the Commission’s next session.

Then, addressing the session participants, President Gurbanguly Berdymuhamedov was pleased to state that the five-month results testify to upward development of our state, despite the complicated global economic situation.

As before, Turkmenistan’s foreign policy strategy is aimed at strengthening of the large-scale interaction with the United Nations, other international organizations, including the Organization for Security and Cooperation in Europe, the European Union, the Shanghai Cooperation Organization, the Commonwealth of Independent States, the

Organization for Economic Cooperation, the leader of nation noted.

Our country retains steady growth rates in the economy. All adopted social programs are being successfully implemented.

The result of the coordinated activities of the Government and the people was the GDP growth rate – 6.1 percent in the first five months of the year. In the reporting period, we've built and launched the industrial facilities, residential buildings, kindergartens, schools, shops and other facilities. In accordance with the programs adopted, the strategy for diversifying energy supplies to world markets is also successfully implemented.

Our main goal is to further improve the social and living conditions of the people, the leader of nation stressed, having assigned the session participants to make visits in the current month to the country's velayats in order to get acquainted with the progress of the grain harvesting campaign and implementation of social programs. An instruction was also given regarding preparations for an enlarged meeting of the Cabinet of Ministers to take place in July dedicated to the results of the first half-year period.

Some other important issues of state life were also considered at the online session of the Cabinet of Ministers, and the relevant decisions were taken.

ORDERS AND RESOLUTIONS REVIEW

• President of Turkmenistan signed the Resolution on approval of the Turkmen side's composition of the Joint Turkmen-Tajik Intergovernmental Commission on Trade, Economic, Scientific and Technical Cooperation.

• The Order of the President of Turkmenistan has sanctioned the trip of the delegation of our country in the period of June 3-4, 2021 to St. Petersburg, the Russian Federation, to take part in the work of XXIV International Economic Forum.

• In pursuance of the Order of the President of Turkmenistan, the delegation of our country is sent on a business trip on June 5-6 to the town of Heart (The Islamic Republic of Afghanistan) for promoting further advancement of the interest-based cooperation between Turkmenistan and the Islamic Republic of Afghanistan, as well as for holding the bilateral negotiations related to the international economic projects implemented together with the Afghani side.

TURKMENISTAN – THE COUNTRY OF HEALTHY LIFE STYLE

President of the country took part in the mass cycle race on the occasion of World Bicycle Day

On June 3, by the established good tradition, Turkmenistan celebrated World Bicycle Day instituted by the Resolution of the United Nations

General Assembly on the initiative of President Gurbanguly Berdymuhamedov.

To strengthen the principles of the healthy and active life style in the society, show careful treatment of the environment, President Gurbanguly Berdymuhamedov has initiated the remarkable and useful traditions, including organization of regular cycle races, which unite thousand of countrymen – representatives of different age groups and specialties.

This time, the head of state took part in the mass cycle race on the occasion of World Bicycle Day.

Early in the morning, at the place of the cycle marathon startup, the action brought together Deputy Chairmen of the Cabinet of Ministers, heads of the Mejlis of Milli Gengesh of Turkmenistan, military and law enforcement agencies, ministries and sectoral departments, the capital's administration, mass media, social organizations, high education schools, representatives of the two Chambers of the Parliament, student youth, employees of different branches of the national economy. The inmates of the «Döwletliler köşgi» astride the bicycles donated by the head of state were also among the participants of the cycle race.

After the President of Turkmenistan has signaled the startup of the cycle race, all participants of the action set to move together along the route, which ran across the avenues of the capital.

During the cycle race, the leader of nation talked about the necessity of keeping in the focus of attention the issues of the city's ecology improvement, turning the capital into the blossoming garden, maintaining the parks and squares in the appropriate condition, and further increasing of living standards of urban citizens of the country. In this regard, concrete presidential instructions were given to the Deputy Chairman of the Cabinet of Ministers Durdylyev (in charge of the capital) and the khyakim of Ashgabat city Gylyjov.

The cycle race finished at the building of the Government of the country. Having skillfully overcome the distance, the leader of nation has again demonstrated the significance of systematic doing exercises and sports for the physical health and all-round improvement of the personality.

Continuing the movement, the participants of the mass cycle race proceeded to the «Ak şäherim Aşgabat» Monument located in the Magtymguly Avenue.

The cycle races on the occasion of World Bicycle Day were held in all velayats of the country.

The leader of nation visited the Akhalteke Equestrian Complex of the President of Turkmenistan

On June 6, the head of state Gurbanguly Berdymuhamedov visited the Akhalteke Equestrian Complex of the President of Turkmenistan located in the picturesque foothills of the Kopetdag Mountains to see for the umpteenth time his pet race horses.

There, Deputy Chairman of the Cabinet of Ministers, Chairman of the Supreme Control Chamber Serdar Berdymuhamedov brought the horse Hankerven (2018 year of birth) closer to the leader of nation. The horse and holiday harness were donated to the leader of nation in honor of the festivities on the occasion of the National Turkmen Horse Holiday and the Turkmen Alabay Dog Holiday, which are observed on the April's last Sunday.

The leader of nation has noted that it would be true to make Serdar Berdymuhamedov the holder of the colt (the name of horse means sanctity, continuation of life). The head of state believes that as the leader of the International Akhalteke Horse-Breeding Association and the International Association «Türkmen alabaý itleri», Serdar Berdymuhamedov will do his utmost to enhance the global name recognition of the “heavenly” horses.

Then, the President of Turkmenistan has straddled the Khanbeg horse, and Serdar Berdymuhamedov – the Shapolat horse. Astride the horses, they made a horse ride.

In the course of horse ride the President of Turkmenistan and Vice-Premier, Chairman of the Supreme Control Chamber Serdar Berdymuhamedov have discussed the implementation progress of the tasks enshrined in the Program of the country's socioeconomic development, measures taken to tackle the tasks, and other present-day issues.

Having noted that each and every one of the people are to make worthy contribution to the successful realization of large-scale reform-based changes ongoing in the Motherland, the head of state Gurbanguly Berdymuhamedov gave the relevant assignments, having highlighted that the issues of ensuring wealthy life of the people, all-round development of the country, preservation of the age-old national values are to be in the center of constant attention.

TURKMENISTAN – RUSSIA

The delegation of Turkmenistan took part in the work of XXIV St. Petersburg International Economic Forum

Authorized by the President of Turkmenistan, the delegation of our country led by Deputy Chairman of the Cabinet of Ministers, Chairman of the Supreme Control Chamber Serdar Berdymuhamedov on June 3-4 paid a working visit to St. Petersburg (the Russian Federation) to take part in the work of XXIV St. Petersburg International Economic Forum (PIEF).

In his speech at the thematic session of the Forum, Serdar Berdymuhamedov got acquainted in detail the PIEF participants with the goals and priority trends of our country's comprehensive town-building concept.

In this context it has been noted that to the issues in Turkmenistan, great attention is given to the development of town and agglomerations. In the heart of that sphere is transformation of the capital of the country – Ashgabat, creation of a new “smart town”.

It means creation of maximum favorable conditions for the life and work of the people.

First of the first, the talk is about construction of cozy and ecologically-friendly accommodations. In a new town, special zones are created – social objects, kindergartens, schools, and polyclinics. Not the least important is the fact that the residential areas and the objects of social sphere are located a great distance from the major transport arteries. Digitization is in progress of the existing industrial zones in Ashgabat and its neighborhoods. The work demands reconsideration of old management methods, reorientation to the new standards. This process has already launched and brings the first visible results.

In the new town, a favorable environment is created for maintaining entrepreneurship, services and entertainment spheres; large-scale construction is being realized of sport objects.

To motivate business-projects and startups, construction is in progress of Business Centers. Not the least important is the ecology of the town, preservation of its environment, creation of park, green zones, and squares.

On May 25 of the running year, with the participation of the President of Turkmenistan, the ceremony was held of laying the foundation stone of the large-scale residential complex “Ashgabat-City”. In the nearest future, in the 744-hectare land area, a large-scale project will be realized with over 200-object infrastructure intended to ensure enhanced-comfort conditions for the life and rest of citizens.

In the frames of the Forum, the delegation of our country led by Deputy Chairman of the Cabinet of Ministers, Chairman of the Supreme Control Chamber Serdar Berdymuhamedov held a number of bilateral meetings.

In the course of the meeting of the Turkmen delegation's leader with the Mayor of St. Petersburg Alexander Belov, consideration was given to the issues of further development of the bilateral cooperation in different spheres, including in the industrial sector.

A meeting was also held of Deputy Chairman of the Cabinet of Ministers, Chairman of the Supreme Control Chamber Serdar Berdymuhamedov with the Chairman of the Board of Directors of the “Joint Shipbuilding Corporation” Alexey Rakhmanov. Lengthy consideration was given to the prospects for cooperation in the context of our country's transport strategy, modernization of the marine in particular.

In the PIEF frames, Deputy Chairman of the Cabinet of Ministers, Chairman of the Supreme Control Chamber Serdar Berdymuhamedov has also held a meeting with Deputy Chairman of the Government of the Russian Federation, Co-Chairman of the Intergovernmental Turkmen-Russian Commission for Economic Cooperation Alexey Overchuk.

In the course of meeting, the sides' invariable interest was highlighted in further intensification of the Turkmen-Russian strategic partnership in a

broad range of directions. In this context, not the least significant is the role of the Intergovernmental Commission and its High-Level Group on maintaining of the trade and investments.

Consideration was also given to such issues of reciprocal interest, as transport, energy, industry, finances, etc.

Strengthening of the traditional contacts in the humanitarian sphere – in health, education, science and culture – were invariably in the focus of discussions.

INTERNATIONAL COOPERATION

Meeting of co-chairs of the Turkmen-Japanese Economic Committee

An online meeting was held between the Deputy Chairman of the Cabinet of Ministers of Turkmenistan, the Turkmen side's Chairman of the Turkmen-Japanese Committee for Economic Cooperation, Serdar Berdymuhamedov, and the Managing Director of "Itochu Corporation", the Japanese side's Chairman of the Committee, Hiroyuki Tsubai.

The parties paid special attention to interaction in the trade-economic sphere. The parties have also analyzed the implementation progress of the current projects and the prospects for enhancing cooperation in the oil/gas sector, transport, and other spheres. In this context, the sides were pleased to note the projects successfully implemented in Turkmenistan with the participation of the Japanese companies – in particular, construction of the gas-chemical complex in the Kiyarly settlement; ammonia and carbamide production plant in Mary; carbamide production plant in Karabogaz; and a gasoline production plant (GTG) in Akhal velayat. The sides have also evinced interest in continuation of construction of the gas-turbine power plant in Lebap velayat.

Online meetings with foreign partners

The delegation of Mejlis of Milli Gengesh of Turkmenistan took part in the second General Conference of the Parliamentary Assembly of the Economic Cooperation Organization, which started its work in Islamabad (Pakistan) in the hybrid format.

The agenda of the Conference included such issues, as the role of women in advancement of the regional agenda, the COVID-19 pandemic impact on the sustainable development, role of the parliaments in motivating the trade and advancement of the tourism industry in the ECO member-countries, and others.

PARLIAMENT

Session of Halk Maslakhaty of the Milli Gengesh of Turkmenistan

The first session of Halk Maslakhaty of the Milli Gengesh of Turkmenistan was held in Ashgabat. In

tune with the agenda and in compliance with Article 18 of the Law "On Milli Gengesh of Turkmenistan", the laws adopted on May 22 at the 14th session of the Mejlis of Milli Gengesh of Turkmenistan of the sixth convocation were now tabled for approval by the members of Halk Maslakhaty.

In the course of the session, the reports were made by Deputy Chairman of Halk Maslakhaty of the Milli Gengesh and the heads of the Committees, in which the conclusions were presented on each of the legal acts.

It was noted that the Laws of Turkmenistan "On instituting of the jubilee medal of Turkmenistan «Türkmenistanyň Garaşsyzlygynyň 30 ýyllygyna» and "On instituting of the jubilee medal of Turkmenistan «Garaşsyz Türkmenistanyň Watan goragçysy» reflect the values of the Turkmen society – patriotism, diligence, devotion to the lofty ideals. In a word – the fundamental principles the development of our sovereign neutral Motherland is based.

The participants of session have highlighted the topicality of the Law "On the state-private partnership", which is the result of the leader of nation Gurbanguly Berdymuhamedov's persevering policy aimed at maintaining the national entrepreneurship, adoption of market mechanisms in the development of the national economy.

Not the least important is the updated Law "On education", prepared and adopted by the Mejlis of Milli Gengesh. The Law regulates the legal principles of relations and determines the principles of state policy in that uppermost sphere of culture.

The Law "On trade names" was also presented for approval by the members of Halk Maslakhaty of Milli Gengesh. The document lays down the rules of naming the firms, regulates the legal relations in the sphere of their legal protection.

The participants of session exchanged opinions on the Laws "On acceding to the Convention on the customs treatment applied to the containers transferred to the pool and used for the international operations", "On amendments to the Law of Turkmenistan "On state awards of Turkmenistan", "On amendments and additions to the Regulations on the honorary title of Turkmenistan «Türkmenistanyň Watan goragçysy» and the description of the breastplate of the title", "On amendments to some legal acts of Turkmenistan", "On amendments to the Law of Turkmenistan "On the tenders for deliveries of goods, implementation of works, rendering of services to meet state needs", "On amendments to some legal acts of Turkmenistan", "On amendments and additions to the Tax Code of Turkmenistan", "On amendments to some legal acts of Turkmenistan", "On amendments to some legal acts of Turkmenistan", "On amendments and additions to the Law of Turkmenistan "On fishing and preservation of the water bio-resources", "On amendments and additions to the Law of Turkmenistan "On Migration".

Besides, the draft Resolutions of the Halk Maslakhaty of the Milli Gengesh – "On approval of Regulations of the Halk Maslakhaty of the Milli Gengesh of Turkmenistan" and "On approval of the

Regulations on organization and agenda of work of the apparatus of the Halk Maslakhaty of the Milli Gengesh of Turkmenistan” – have been approved at the session.

The laws submitted for consideration to the first session of Halk Maslakhaty of the first convocation were unanimously endorsed and enshrined in the relevant Resolutions.

AIC NEWS

Startup of the grain-harvesting campaign in Turkmenistan

On June 4, with the President Gurbanguly Berdymuhamedov’s blessing, grain producers of Akhal, Lebap and Mary velayats embarked on harvesting of wheat, and on June 11 – the farmers of Balkan and Dashoguz velayats joined them.

In the running year, the 690,000-hectare land area was planted to winter wheat. It is planned to produce 1 million 400 thousand tons of wheat, distributed as: Akhal velayat – 400, Mary velayat – 345, Lebap velayat – 310, Dashoguz velayat – 265, and Balkan velayat – 80 thousand tons of grain.

On the whole, in the country’s grain-harvesting campaign, 2,111 grain-harvesting combines - «Claas», «John Deere», «Case», «New Holland» will be enacted. The round-the-clock two-shift operation of the high-performance machinery will help the farmers to quickly and without losses harvest the yield.

On the occasion of the grain-harvesting campaign, the production seminars were organized with the participation of representatives of the Ministry of Agriculture and Environment Protection, velayat and etrap khyakimlik, the State Service “Turkmenstandartlary”, State Concern “Turkmenhimiya”, heads of daikhan associations, experienced agronomists, mechanical operators, grain producers, honorary elders.

At the seminars, consideration was given to a broad range of issues related to well-organized conducting of the campaign and well-coordinated functioning of the grain-harvesting conveyor.

FORUMS

The theoretical and practical conference on the occasion of World Environment Day

The conference-hall of the Agricultural Complex hosted the theoretical and practical conference “State Policy of the President of Turkmenistan in the sphere of environment protection and ensuring of the ecological wealth: the success achieved and future-orientated tasks” devoted to World Environment Day and the 30th anniversary of Motherland’s independence.

The forum was attended (in the online format inclusive) by the chief heads and specialists of the environment agencies and sectoral

departments, representatives of the Milli Gengesh, scientific community, high education schools, and social organizations of the country, as well as representatives of the reputable international and regional organizations – the UN Development Program, the Regional Center for Preventive Diplomacy for Central Asia, the UN Environment Program, UNICEF, the UN Food and Agricultural Organization, the International Fund for the Aral Sea, the Regional Ecological Center of Central Asia, the German Society for International Cooperation, etc.

The reports have covered the comprehensive manifold work, which is ongoing in Turkmenistan on ensuring ecological wealth, rational use and enhancement of its rich natural resources, on turning of our Motherland into the blossoming land.

Being an active participant of the international environment dialogue, our country cooperates closely in the ecology sphere with all interested partners, first of the first in the format of the United Nations Organization and other reputable international organizations. As of today, Turkmenistan has ratified 20 ecological Conventions and international agreements in the sphere of the environment protection.

The constructive initiatives assigned to promote consolidation of joint efforts for solving the urgent present-time tasks, which President Gurbanguly Berdymuhamedov has avowed at the UN General Assembly’s sessions and other top-level forums, received world-wide support and approval.

One of the key subjects of the forum was water diplomacy of Turkmenistan. One of its primary tasks is to advance the President Gurbanguly Berdymuhamedov’s initiative on developing of the “Water strategy” of the United Nations Organization.

In this context it was noted that in our country particular attention is given to the rational water use at the expense of widespread adoption of achievements of science, modern water-saving technologies, which are ultimately closely linked with maintaining of the ecological wealth. Efficient measures are undertaken to ameliorate the land, supply pure potable water to the population. The material and technical base of the water sector is purposefully strengthened; in all regions, new water reservoirs and other hydraulic facilities structures are built and commissioned.

Since 1919, Turkmenistan is a member of the World Water Council (WWC), which unites specialists and international governmental and non-governmental organizations for solving of the global water problems.

Much work is being done in the frames of the International Fund for the Aral Sea and in association with the UNDP, the UN Regional Center for Preventive Diplomacy for Central Asia, the German Society for International Cooperation, etc.

The reports of foreign participants of the forum have covered different aspects of Turkmenistan’s productive cooperation with international organizations in the frames joint environment programs and projects, in particular – desertification control, land degradation control, adaptation to

climate change, preservation of the biodiversity, and others.

Particular emphasis was placed on the efficiency of the ecology policy pursued by our country and significance of the President Gurbanguly Berdymuhamedov's initiatives aimed at tackling of the focal tasks in the sphere of environment.

The thematic session "Role of education and science in ensuring of the ecological wealth in Turkmenistan" was also held in the S.A.Niyazov Turkmen Agricultural University; the Turkmen Agricultural Institute in the town of Dashoguz hosted the session "The issues of ecology improvement in the Aral Sea basin"; in the International Relations Institute of the MFA of Turkmenistan and the International Humanities and Development University, the lectures were organized on the theme "Ecological Diplomacy of Turkmenistan".

DATES

The country celebrates International Day of the Child

The festivities, which were held in the capital and throughout the country on the occasion of International Day of the Child, were a visual confirmation of how the state lavishes the rising generation with all-round care.

Ensuring of wealthy and happy life of young citizens, strengthening of their health, affording the opportunities for getting qualitative education are among the key trends of Turkmenistan's state policy pursued consistently under the leadership of the leader of nation.

The unremitting attention is thereto given to the children who are in need of particular social support.

On the occasion of International Day of the Child, the inmates of the Ashgabat teaching-and-educational complex were donated the gifts of the Gurbanguly Berdymuhamedov Charitable Foundation for rendering assistance to the children in need of tutelage. The humanitarian action was attended by the heads and representatives of the Foundation, ministries of health and medical industry, education, of social organizations, mass media, as well as a representative of the UNICEF Office in Turkmenistan.

Then the celebrations were continued in the capital's «Döwletliler köşgi». On the occasion of International Day of the Child, the inmates of the Palace prepared the musical performance. On behalf of the President of Turkmenistan and the Gurbanguly Berdymuhamedov Charitable Foundation for rendering assistance to the children in need of tutelage, the hosts of «Döwletliler köşgi» were presented with gifts.

That same day the festive event was held in the core boarding school located in Buzmein etrap of the capital. The enjoyable and unforgettable moment of the event was donation of special gifts to the school's inmates from the Gurbanguly Berdymuhamedov Charitable Foundation.

Similar festive actions on the occasion of International Day of the Child were held in all velayats of the country.

SOCIETY

Summer holiday season has started up in the recreation centers of Turkmenistan

To spend summer holidays, schoolchildren from all parts of the country have started out to the recreation centers located in the unique natural borough of Gokdere.

Decorated with bright balloons, a caravan of buses headed to the wonderful guest houses, where children from all velayats of the country received a warm welcome, festive food, and entertainment events.

On behalf of the leader of nation Gurbanguly Berdymuhamedov, specialists from the relevant ministries - education, culture, health, sports and youth policy, as well as social organizations of the country – have carefully prepared for proper organization of summer holidays for children.

For children in the recreation centers, cultural and entertainment, creative activities and sports competitions are prepared with a glance to different age groups.

In addition, schoolchildren under the guidance of high-qualified teachers will be engaged in hobby groups, study computer programs, and master foreign languages, go on excursions to museums and theaters, stage the performances, and conduct literary readings.

COMMODITIES EXCHANGE NEWS

At the last week's trades at the Commodities and Raw Materials Exchange of Turkmenistan, 9 transactions were made.

The deals in the foreign currency for purchasing of the gasoline ECO-93 ("Turkmengaz" State Concern) were made by the entrepreneurs from Afghanistan, Malta, and others. The entrepreneurs from Afghanistan have also made the deals for purchasing of heavy vacuum gasoil (Seidi Refinery).

Besides, representatives of business circles from Kazakhstan and Kyrgyzstan made the contracts in the foreign currency for purchasing of the aerocrete (gas concrete) blocks and dyed terry items. The sum total of the deals was over US \$9,807 thousand.
